Montréal, QC H4L4R3

[alaa.alsharif@lau.edu](mailto:alaa.alsharif@lau.edu)

+1 (438) 927 2252

Highly motivated and skilled in computer science with one year of professional experience as a web developer, seeking to contribute my expertise in creating responsive and visually appealing web applications, software development and security analysis. Committed to delivering top-notch user experiences through cutting-edge technologies and best practices.

## Work Experience

---

### Web Developer

Born Interactive - Beirut

August 2022 to August 2023

- Collaborated with cross-functional teams to translate design concepts into functional, responsive, and interactive web applications.
- Developed pixel-perfect, mobile-first web designs using HTML5, CSS3, and JavaScript.
- Utilized popular front-end frameworks such as React.js to build dynamic and scalable user interfaces.
- Implemented responsive web design principles to ensure seamless user experiences across various devices and screen sizes.
- Conducted thorough testing and debugging to ensure optimal website performance and user interaction.
- Integrated RESTful APIs and third-party services to enhance website functionality and data retrieval.
- Implemented version control using Git and worked with Agile methodologies for project management.
- Optimized website performance through efficient code, image compression, and browser compatibility testing.
- Stayed up-to-date with industry trends and emerging technologies to continuously improve skills and deliver cutting-edge solutions.

## Education

---

### Master's degree in Information Computer Security

Concordia University - Concordia University (SGW campus), QC

Present

### Bachelor of Science in Computer Science

o Lebanese American University - Beirut

September 2019 to August 2022

## Skills

---

- Front-End Technologies: HTML5, CSS3, JavaScript, React.js (2 years)
- Web design

- Version Control: Git/GitHub
- Project Management: Agile methodologies
- Debugging and Testing: Browser DevTools, Testing Libraries
- APIs: RESTful API Integration
- Tools: Visual Studio Code, Sublime Text, Adobe Creative Suite
- Cross-Browser Compatibility
- Experience with Microsoft Office (Word, Excel, PowerPoint...).
- Good time management skills.
- Good communication and research skills.
- Able to work under pressure.
- Proficient in Java
- Good skills in Object-Oriented Programming, Algorithms, and data structures
- Creating SQL databases.
- MySQL
- Web Services
- Unit Testing
- PHP
- Javascript
- C
- C#
- C++
- Performance Optimization
- Client relationship management (1 year)
- Responsive web design
- UI/UX Principles
- Wireframing
- Bootstrap
- Microsoft SQL Server
- Test Cases
